

**AMP Rangers is a partnership with Marion County Parks and Recreation where you can explore our beautiful parks and earn steps.**

**There are multiple badges to earn at each park. The parks are divided into 7 zones. When you earn a Zone badge, you can redeem it for a prize at the Marion County Parks and Recreation Main Office (which happens to be a badge location).**

**So, how do you get started? Follow these simple steps to start exploring.**

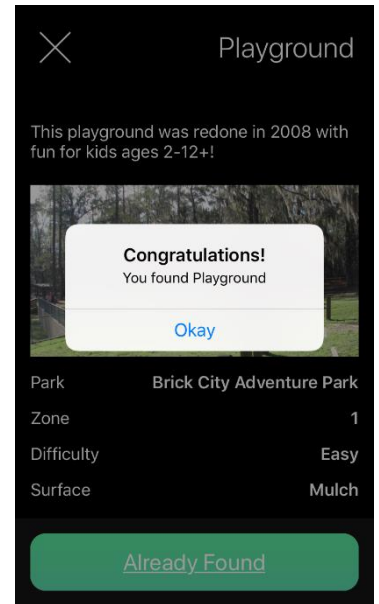

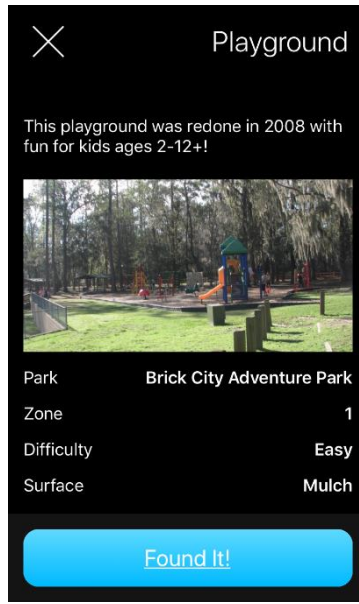

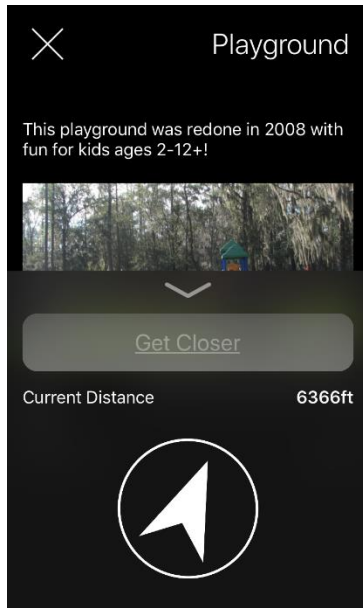

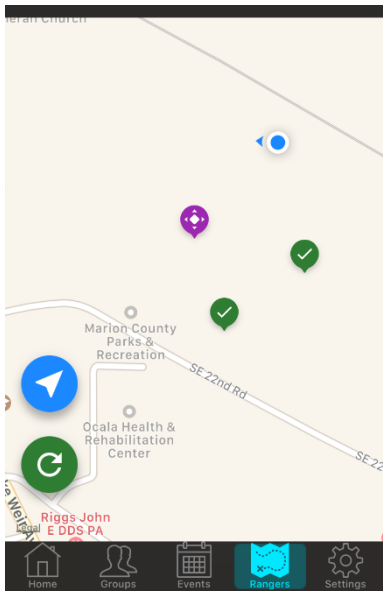

**Step 1: Download the newest version of the app in the iTunes (Apple) or Google Play Store (Android). AMP Rangers is a part of the AMP app (you do not need to download another app)**

**Step 2. The AMP Rangers icon will appear at the bottom of the AMP app home page. It is a map for apple phones and an arrow for android phones.**

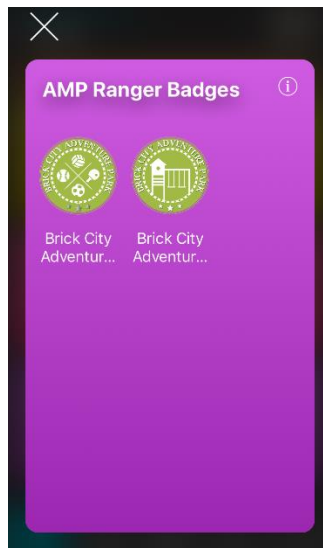

**Step 3. Visit Marion County Parks and use the map to locate badge locations. You must have your AMP app open to see the points of interest (POI), in purple.**

**Step 4. Once you are within 30 foot radius of the POI you will get a badge notification for that POI. Once a badge is found, it will appear as a green check mark on the maps page.**

**Step 5. badges earned with AMP Rangers are visible on the home page, purple bubble below pink badge bubble.**

Images may vary based on phone manufacturer.
